

Music 123

[James Thomas](#) 1 posts since

Aug 31, 2010

I just wanted to say how much I have enjoyed using Music 123 as an online music store. I had a horrible experience this summer with ProWinds. We ordered a part for a clarinet that did not ship for five months. After cancelling the order it took another two months to get our money back. To beat it all they misspelled my first name on the credit check.

Anyway I just wanted to vent.
